

An orange speech bubble with a tail pointing downwards and to the left, containing the text "One stop shop for project and task management".

One stop shop for project
and task management

«UntitledSuite/»

<Problem/>

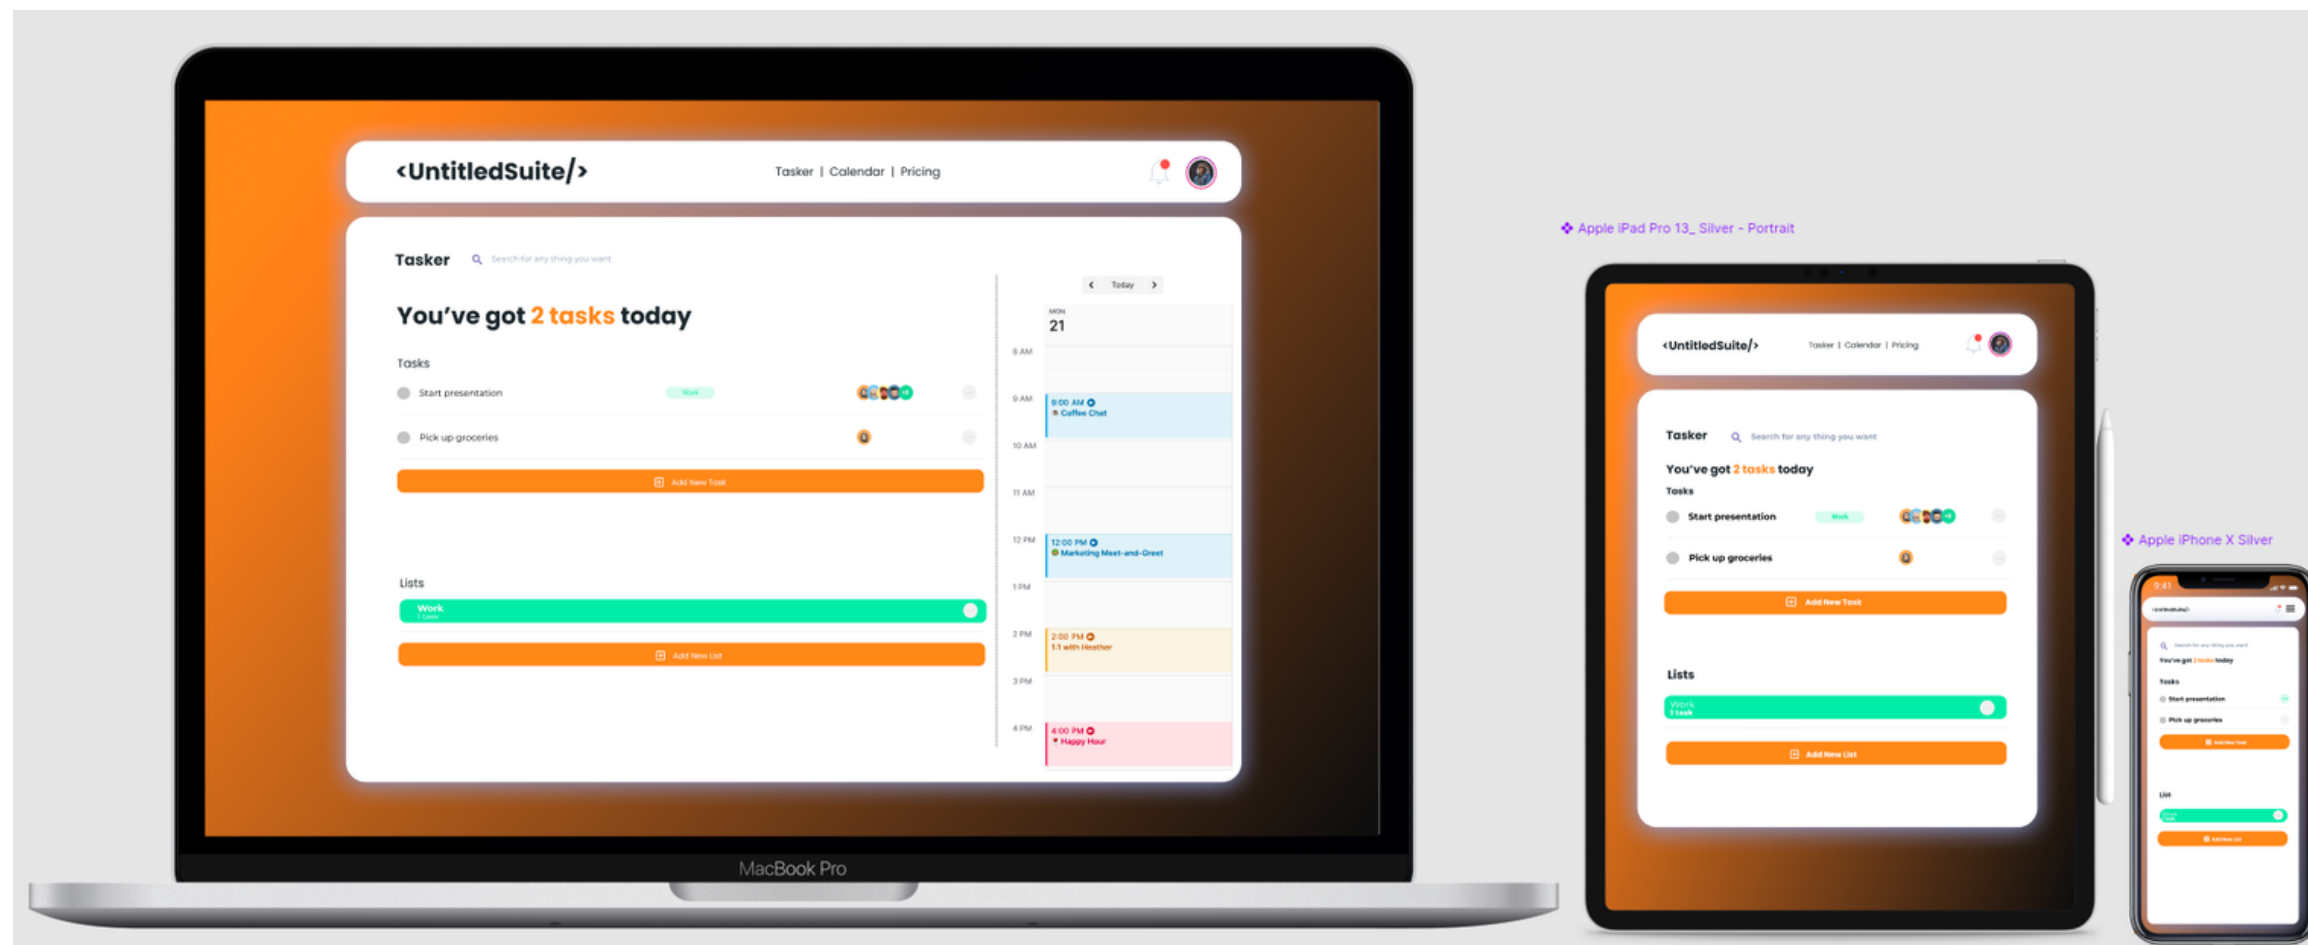

- 1 More remote teams
- 2 Hard to manage tasks
- 3 Teams need to be agile
- 4 Multiple tools for PMs

Are you ready?

<Solution/>

«UntitledSuite/»

Whether for the development of a major multi-billion dollar project or a do it yourself project around the house, **Untitled Suite aims to remind the user of the important things in life.** Through its smooth interface and user-friendly experience, the application is one for the **modern day agenda.**

1

Tasker – Create lists and tasks-to-do

2

Calendar – Sync your events with your tasks

3

Seamless task-to-calendar integration

4

Administrative provisions for user management

5

Profile Customisation
